“Aotearoa e tōnui nei | Thriving Aotearoa
uLearn21’s theme challenges us to learn ways of being and doing that nourish us, personally, professionally, culturally, and collectively.

Feedback from uLearn20 delegates:

“This conference reignited my passion for the profession. Incredible speakers and relevant content to what learners are facing currently. If I had the opportunity I would go again!”

“I REALLY love that the presentations are all recorded, both so I can revisit the speakers I enjoyed and watch ones I missed. This changed how I watched the keynotes. I was less worried about taking notes and was more able to think about what I was listening to!”

“uLearn20 delivered online high quality, useful and relevant information for a minimum of teacher effort and at a very reasonable cost.”
